

# Sony Vaio Duo 11 SSD Replacement

Replace SSD in SONY VAIO DUO 11

Written By: Zero

## INTRODUCTION

Before start the procedure, make a system backup (I use ToDo Backup Free).

Some pictures were found in:

## Step 1 — SSD

- Make a system backup!

## Step 2

- Detach the rubbers and save them
- Open the slots
- Remove (gently) the speaker covers

### Step 3

- Use a sharp tool to lift up

### Step 4

- Remove cover

## Step 5

- Remove all the screws (attention: these screws are different! Save them)

## Step 6

- Remove the cover (attention: don't detach the short flat cable)
- Remove the battery (removing these screws)

## Step 7

- Detach flat cable

## Step 8

- Remove these screws to make easy the removal of the ssd

## Step 9

- The remove of the ssd
- Remove the SSD (gently)
- Replace the SSD
- Put back the screws and close the unit

To reassemble your device, follow these instructions in reverse order.
